

# Loomy Amigurumi Leprechaun

By Brenda Myers 3/15/09

*This pattern is actually more of a general guidelines information sheet than an actual detailed pattern. There is no listing or terms, techniques or illustrations other than the project picture above. Beginners might have some problems, but if you have been loom knitting for a while, you are probably familiar with most of these terms & techniques. Hopefully, I can write a more detailed pattern in the future and expand this pattern to include the instructions for the Knifty Knitter Looms..*

## Materials

- Yarn: one strand used throughout of worsted weight in Kelly Green and Beige. Small amount of copper fun fur yarn for beard & hair.
- SG Mini-WonderLoom
- Embroidery floss in black
- Tapestry Needle
- Stuffing
- Optional: black & yellow felt for the hat band

## Body

1. Using 14 pegs and a single strand of the Kelly Green yarn, work a drawstring cast on on the small gauge WonderLoom.
2. Rows 1-9: Flat knit
3. Rows 10,12,14,16: Purl
4. Rows 11,13,15,17,18: Flat knit
5. Work a gathered bind off.

## Head

1. Using 18 pegs and a single strand of Beige Yarn, work a drawstring cast on on the small gauge WonderLoom.
2. Rows 1-18: Flat knit
3. Work a gathered bind off.
4. Whip stitch the head onto the body using the second row on each piece for stitch placement.

## Hat

1. Work a 4 stitch I-cord with one strand of green yarn that is approximately 54 rows or 9 inches long and bind off.
2. Connect the I-cord cast on & bind off edge to form a ring.
3. Adjust the WonderLoom to form a round of 20 pegs and place the I-cord ring inside the 20 pegs.
4. Cast on a stitch from about every third row of the I-cord onto each of the 20 pegs. The I-cord should be evenly placed behind the 20 peg ring with one strand of yarn on each peg. This forms the brim of the hat.
5. From the I-cord brim, add a new strand of green yarn (or black if you want to knit a 2 row hat band), then flat knit for 18 rows.
6. Work a gathered bind off.
7. Finger block or shape the hat and whip stitch the hat to the leprechaun's head.

## Finishing

1. Embroidery eyes & mouth with black floss.
2. Using two strand of copper fun fur, chain stitch a piece long enough to go around the back of the head where the hat attaches and around the chin for the beard. Pick the strands of fun fur loose from the chain and trim short to make a close cut neat beard.
