

# Pumpkin Treat Bag

By: Stephanie Knight

## Materials:

Knifty Knitter Blue Round Loom  
Wool Ease Thick & Quick in Black and  
Pumpkin

Tapestry Needle  
Scissors

## Cast On: (Black)

Row 1: Cable cast-on or E-wrap twice & Knit Off (KO)

Row 2: E-wrap & KO

Row 3: Move every other loop to the next peg for Eyelet holes then E-wrap ALL pegs and KO 2 over 1 on pegs with 3 loops (This creates holes for drawstring to be added later)

Row 4: E-wrap & KO

**Change colors:** Cut black yarn leaving min. 6 inch tail... Start wrapping with orange yarn leaving min. 6 inch tail.

SUGGESTION: tie the two tails together in a bow to keep them together & out of the way.

Rows 5-20: E-wrap and KO (equivalent to 15 rows in Thick & Quick Pumpkin)

**Gathered Bind Off:** Wrap the working yarn 1 ½ -2 times around the whole loom to make sure there's enough slack. Cut. Thread yarn tail onto tapestry needle and starting with peg one catch all loops by coming UP through loop on each peg. Leave the loops on the pegs until they have ALL been gathered onto the long yarn tail then slip each loop off of the pegs and the loom. Pull the working yarn tail tight and secure the base of the bag. Weave in all tail ends (Four ends - 2 black, 2 pumpkin).

SUGGESTION: Add some cross over stitches to insure the center hole is closed.

**Chain + or I-cord drawstring:** Weave through eyelet holes and seam, slip stitch join, or tie ends of drawstring together. Cinch to close bag – which also forms the pumpkin effect.

**HINT:** Using other holiday colors this effect can also represent a ball ornament.
